INDIANA WESLEYAN UNIVERSITY SELECTS TICKETRETURN AS TICKETING TECHNOLOGY PARTNER

Indiana Wesleyan University will enter an exclusive partnership with [TicketReturn](http://TicketReturn.com) to provide the Wildcats performing arts venues and their fans industry-leading box office, online, and mobile technologies.

The Charlotte, NC based company offers a full suite of ticketing innovations, including event marketing, access control, attendance reporting, accounting, and fundraising features for sports and entertainment venues.

INDIANA WESLEYAN UNIVERSITY

Indiana Wesleyan University officials said they were in search of a ticketing partner that offered a competitive feature set when compared to the price. TicketReturn's robust capabilities and flexible software delivered not only a cost-effective solution for a diverse offering of campus events but also offered CRM capabilities and a dynamic reporting suite for the management team.

TicketReturn will serve as the official provider of performing arts box office, online and mobile technologies for Indiana Wesleyan University.

"In today's current environment, an entertainment venue would be foolish to partner with a ticketing technology provider that is not equipped with a social distance seating algorithm." said Terry Dieckmann, Operations Manager, Light and Media at Indiana Wesleyan. TicketReturn provides cutting-edge technology, and this is exemplified by their recent launch of Safe Fan Seating, that allows socially distanced seating by using a proprietary algorithm.

"TicketReturn looks forward to our partnership with Indiana Wesleyan University and providing them a robust ticketing platform to power ticketing for their entire portfolio of on campus ticketed events." said Christie Hussey, Vice President of Sales and Marketing for TicketReturn. "We look forward to growing our relationship with the university and giving the box office team the touch-less ticketing tools and support it needs to succeed."

This partnership furthers TicketReturn's commitment to provide ticketing solutions and services to professional sports teams, cultural facilities, colleges, and universities throughout the country.
