VICTORIA GRIZZLIES SAY TICKETRETURN PARTNERSHIP WAS BEST VALUE FOR TEAM'S BOX OFFICE

Team officials impressed by TicketReturn's value, ability to deliver on promises

TicketReturn is excited to announce that it has entered into a 5-year agreement to become the exclusive ticketing partner for the Victoria Grizzlies (Victoria, British Columbia) junior 'A' ice hockey team of the British Columbia Hockey League.

Grizzlies officials said they were impressed by TicketReturn's value, its ability to deliver high-quality functionality and its dedicated client support. TicketReturn will serve as the team's official provider of industry-leading box office, online and mobile ticketing technology.

TicketReturn, a leading provider in box office, online and mobile ticketing services, offers nearly two decades of technology management experience to help clients across the country exceed their goals. The Charlotte, N.C.-based company offers a full suite of ticketing innovations, including event marketing, access control, attendance reporting, accounting and fundraising features for sports and entertainment venues.

Paul German, Victoria's box office manager, has used TicketReturn with previous organizations. He said it was an easy choice to recommend TicketReturn for the Grizzlies.

German said the team is excited to take advantage of several TicketReturn features, including online vouchers, non-ticketed inventory and a full variety of ticketing packages, including flex packages, mini-plans, season ticket options, and more.

The Grizzlies box office will receive training and continuing education from a dedicated client support representative. TicketReturn support staff take the time to understand their partner's business in order to work in a consultative fashion and ensure success throughout the year.

"TicketReturn is happy to collaborate with the Grizzlies to deliver ticketing technology that is easy to use for their box office team and their fans," said Christie Hussey, Vice President of Sales and Marketing for TicketReturn. "Our features will allow the Grizzlies to engage with their fan base and accommodate attendance demands ranging from single game tickets to full season plans."

###
